1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Napoli, attorney of record on November 20, 2006.

2. In the claims:

Claim 29 has been rewritten as follows.

29. (Currently Amended) A triangular nanoframe as claimed in claim 23, made by the process comprising etching a nanoprism with a salt to form a nanotriangle.

3. The following is an examiner's statement of reasons for allowance: The prior art does not disclose or suggest triangular nanoframes having pores through the center of the {111} faces and free of pores through the {110} faces. As pointed out by Applicant, the prior art teaches away from such a configuration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
